So the Corp work will be another perspective from the March 2014 draft final interim FS?

My preference is to hold the Fall meeting the week of Nov 17 vs Oct 27. The next meeting after that will be the end of January.

Amy,

We are not firm for October 2014, for the San Jacinto Site.

We are working with the Corps of Engineers to conduct a detail analyses that may require modeling and other work that may take time.

We still want the NRRB to review the site but it may be later than October. CAS

Alright then, I guess I'll see everyone in October.

Should I be so bold as to start looking for a hotel now?

Sorry Amy, but we are not yet ready for the San Jacinto NRRB review.
We need to move it to the October or November dates. CAS
